

Dear Friends,

As your friend at the Oklahoma Heart Hospital, I am delighted to announce an upcoming event in which I hope you will want to be involved. The Oklahoma Heart Hospital Volunteer Auxiliary is excited to host their Second Annual Golf Tournament at Gaillardia Country Club, October 5, 2009. Enclosed is information for the various levels of sponsorship for your review. Sponsorships offer great exposure, are tax deductible and will enable the Auxiliary to continue meeting the needs of patients, their families, as well as funding educational projects for the community.

Since the Oklahoma Heart Hospital opened in 2002, it has surpassed all expectations in "Serving the State and Leading the Nation" in cardiovascular care. Now that a new Emergency Room and 16 more inpatient beds have been opened, patient needs have increased, such as assisting with prescriptions and needed medical equipment for their successful recoveries upon discharge. Also, with the increasing cost of gas, many of the patients would not have transportation home or have family members able to visit them were it not for the gas cards that the Auxiliary has furnished to them. In addition to addressing the charitable needs of the patients of the Oklahoma Heart Hospital, the Auxiliary has addressed the educational aspect of its purpose by sponsoring much-needed nurse extern scholarships, as well as furnishing cardiac equipment utilized for one of the American Heart Association training sites and other public sites.

The Auxiliary would like to thank you for sponsoring and/or participating in this major fundraiser. Your generous support makes it possible for the Auxiliary to achieve its mission of assisting the Oklahoma Heart Hospital in providing the best experience of excellence in quality and service to the patients, family members and community.

Sincerely,

A handwritten signature in cursive script that reads "Charla Rhodes".
