Memo

To: Credentialers and Medical Staff Offices
From: Medical Staff Services, Oklahoma Heart Hospital and Oklahoma Heart Hospital South
Subject: Credentialing Verifications

Members included on the roster are in good standing and are cooperating with the Bylaws in order to maintain privileges. We do not distribute copies of privileges with verification requests or include reappointment dates on rosters.

We no longer provide written verifications for teleradiologists who are currently on staff. Please refer to the roster.

Included on this site are two rosters, one for those on the Medical Staff/Allied Health Staff and one for those on the Non-Advanced Allied Health Staff.

Following are the Staff Categories at Oklahoma Heart Hospital/Oklahoma Heart Hospital South:

Active Medical Staff

Active Staff Members may admit inpatients and outpatients and otherwise provide services to patients. An Active Staff member who does not admit or attend 25 patients per year shall be moved to the Courtesy Staff category.

Consulting Medical Staff

Consulting Staff Members are physicians who are available to consult with Medical Staff members on a case-by-case basis. Consulting Staff Members may not admit either inpatients or outpatients.

Courtesy Staff

Courtesy Staff Members are physicians who live over 30 miles away from the Hospital or who do not regularly admit or attend to patients at the Hospital. They may admit inpatients and outpatients and otherwise provide services to patients.

Affiliate Staff

Affiliate Staff Members are emergency department physicians, pathologists, radiologists, dentists and oral surgeons, podiatrists and clinical psychologists, or other specialties. Affiliate Staff Members may not admit either inpatients or outpatients to the Hospital.

Senior Medical Staff

Medical staff appointees who have attained the age of 65 years shall automatically advance at that time to the Senior Staff. Senior Staff appointees who continue to admit and care for patients shall have the same prerogatives that they have previous to attaining Senior Staff status.

Honorary Staff

The Honorary Staff shall consist of (i) medical staff appointees who have retired from active hospital practice, (ii) other physicians and dentists who are of outstanding reputation, not necessarily residing in the community; or (iii) other physicians who are recognized by the Board for their contributions and service to the Hospital. Persons appointed to the Honorary Staff shall not be eligible to admit or attend patients.

Referral Staff

Referral Staff Members may refer patients to Active or Courtesy Staff members, visit those patients when hospitalized, and review their medical records, but may not write orders or make medical record entries. Referral Staff Members may not admit either inpatients or outpatients.

Allied Health Professional Staff

Allied Health Professionals include, but are not limited to Physician Assistants and Advance Practice Registered Nurses. All Allied Health Professionals are sponsored by a member of the Medical Staff and may not admit patients.

Non-Advanced Allied Health Staff

The Non-Advanced Allied Health Staff includes cardiovascular perfusionists, registered nurses, scrub techs, licensed practical nurses, research study staff, medical physicists and intra-operative monitoring techs. These members must be sponsored by a medical staff member.

If a practitioner is not on the roster, please send an email or fax, indicating the facility you need to verify, to the medical staff office at MSO@okheart.com or 405-972-7548. This facility does not release privileges delineation forms.
